

Evergreen Personals

Evergreen, Nov. 6. Perhaps the summer is ended, but the harvest is not quite past.

High much corn remains to be husked at this writing. There have been several corn husking in the neighborhood. Some after supper at night; others, all day affairs, when the good wife prepared a chicken dinner for all, with a neighboring wife to help.

Rev. J. W. Marsh preached a splendid sermon at Evergreen Methodist church Sunday. Rev. Marsh has been returned to the Pamplin group of churches for another year.

Rev. C. A. Collins Jr. attended at the pastor's conference at Keyville Monday.

Rev. G. A. Chocklett is not well at this writing. His daughter, Mrs. D. L. Woodridge is spending several days with her parents.

Guests of Mrs. Hunter Glenn on Sunday included: Mr. and Mrs. B. L. Luge, Mr. and Mrs. Charles Bowman and Mrs. John Farrow, all of Roanoke, and Miss Madeline Lee, of Lynchburg.

Mrs. O. W. Blosser and children are moving to Salem, Va., where Mr. Blosser is employed. The Blossers own a farm near Evergreen, and have lived here for the past several years.

Mr. and Mrs. H. C. Babham, and family, of Lynchburg, and Mr. and Mrs. J. E. Hamilton were Sunday guests of Mr. and Mrs. O. C. Paullett.

Madame J. R. Hamilton, S. W. Staples, Z. V. Harvey and J. T. Luge and baby were in Lynchburg Friday.

Mr. W. S. Cumbly is visiting her sister, Mrs. Charles Kirtz.

Royal P. Harvey is indisposed. A Halloween party was given by the 4 H Club at the home of Mr. and Mrs. J. P. Paullett, and was greatly enjoyed.

Mrs. S. J. Jennings visited Mrs. Ella Childress in Lynchburg last week.

Mrs. E. F. Burnett visited her daughter, Mrs. S. T. Jennings over the week-end.

Mr. and Mrs. Leonard Day were visitors of Mrs. S. J. Jennings on Sunday.

H. B. Cralle and C. C. Cralle, section foremen here and at Appomattox, made a trip to Petersburg Sunday.

Mr. and Mrs. J. R. Conner and Carolyn visited place of interest in Buckingham Sunday.

Visitors in the home of Mr. and Mrs. Bernard Nuchel Sunday were his mother and his brother, Arthur, and Miss Ida and Mackie Paullett.

I voted early this morning, and it seemed that most everyone was voting early. There did not seem to be many women voting, and several men were disappointed, mostly by not paying their capital tax 6 months before election.

Did any of you eligible make ever undertake to enumerate the number of widows among the circle of your acquaintance? It makes one dizzy trying to envision them.

Just two more short months and leap year will be gone!

Alfred Thornhill, above, who was graduated from Appomattox high school in 1939, and from the Pamplin Business Department of Phillips Secretarial College November 27, 1939, is employed in the general office of Armour and Company in Lynchburg.

This young man is one of many Appomattox county young people who have completed business training at Phillips and been placed by the employment department of the college.

Brain Tumors Detected With Electric 'Brain'

An electrical "brain" that analyzes the human brain—determining whether the owner is mentally ill and the nature of his illness, and detecting the presence and defining the location of a brain tumor—recently attracted the attention of doctors at the scientific exhibition of the American Medical Association in Seattle.

The device, technically known as an electroencephalogram, was exhibited by its designers, Dr. Frederic A. Gibbs, W. G. Lennox and A. M. Grass of the Boston City Hospital.

The electrical brain detects and records the waves that are generated by millions of tiny "dynamos" in the human brain, sends them out according to wave length and energy and draws a spectrum of them so that the scientists can analyze the contents of a brain.

The first known mention of Robin Hood is in William Langland's poem, "Vision of Piers the Plowman," published about 1377. He is next mentioned in Wymon's "Scottish Ballads" and anecdotes of the stout-hearted woodsman and his merry men grew up around the names of Robin Hood's romance, Ivanhoe, Robin Hood plays a prominent part, and appears under the names of Diccon, Bend-the-Bow, Locksley the Archer, and the Merry Men.

Some historians and fiction writers have said that "Robin Hood" was a man of flesh and blood, though they realize the way his historical character is portrayed.

Discovery of the method of analysis was announced a year ago by Boston City Hospital scientists and since they have studied thousands of brains, ill and normal, and have discovered that the principal peak in the spectrum by the names of Diccon, Bend-the-Bow, Locksley the Archer, and the Merry Men.

Robbin Hood Mythical Symbol or Real Man

The tall, Robin Hood, unimpaired in archery, skilled in swordplay, romantic and gay and full of the milk of human kindness, is as well-known and living a figure to us of today as he was to Sir Walter Scott, Washington Irving and untold thousands of the years gone by. In fact, he may be more of a moving and breathing being today than ever before, for Douglas Fairbanks and Errol Flynn contributed to make him a dynamic and lovable figure on the screen.

But did the stalwart champion of the common people ever really live? The fact is there is no actual conclusive historical proof that the beloved robber ever lived outside ballads and story books. J. Stacey is of the conviction that Robin Hood was a real man, but he adds, "A clever analytical critic might, perhaps, very easily cut up any theory that has been given on the subject."

The first known mention of Robin Hood is in William Langland's poem, "Vision of Piers the Plowman," published about 1377. He is next mentioned in Wymon's "Scottish Ballads" and anecdotes of the stout-hearted woodsman and his merry men grew up around the names of Robin Hood's romance, Ivanhoe, Robin Hood plays a prominent part, and appears under the names of Diccon, Bend-the-Bow, Locksley the Archer, and the Merry Men.

Young Men Have Chance to Learn Trades Locally

It was learned today that young men, out of school, between the ages of 17 and 25, inclusive, have an unusual opportunity under the National Youth Administration to learn a trade or profession.

The program, known as the National Youth Administration Training Program, to join free classes and learn trades, is being conducted by the National Youth Administration, which is a part of the Federal Government.

The program is designed to help young men who are out of school and have no other means of earning a living. It provides them with the opportunity to learn a trade or profession, which will enable them to support themselves and their families.

County Draft Quota

Members and guests of the Appomattox Lions Club are all set for a gala Ladies Night banquet, and a dance, to be held at the Lions Club on Tuesday, November 14, at 7:30 P. M.

The banquet will be held at the Lions Club on Tuesday, November 14, at 7:30 P. M. The speaker at this occasion will be Hon. J. A. Burke, of Charlottesville.

Bill Simos and his orchestra will play for the Lions Club dance, beginning at 10, at Sears.

Beginning at 4:30, at the Court House, a regional meeting of the Lions Club officers will be held, with members and guests.

The estimated credit for this particular State at the time of the quotas were 5,047 for members of the State, and 2,047 for all other men from the State in the land and naval forces of the United States, including estimated credits for the State.

When more credits are known, the quotas will be recomputed for the States and districts given for their application.

Under the system
